Presents:

Whittle's Picks For Your Digital Home:
Exciting Technologies You're Sure To Love!

By David B. Whittle
Contributing Writer for Smart Computing

A special multi-user group presentation you won't want to miss!
Mark your calendar now!

Saturday, November 17th, 2007
1:00 PM

Location: Fairfax County Government Center
Conference Center Room 1/2
12000 Government Center Parkway
Fairfax, VA 22035-0079

Join us for an enjoyable time as Dave demonstrates and introduces you to products, technologies, and services that you're sure to love! Discover hidden gems from companies around the world such as muvee and Invisus – each with outstanding, innovative technologies and offerings guaranteed to improve your life. You'll have a chance to see some great software programs and products in action and learn more about how to enjoy peace of mind through fun and safe computing, even in the face of an unprecedented wave of criminal attacks on PC users. There will be:

- Door Prizes
- Q & A session
- Exclusive special product offers – bring your credit card or checkbook so you won't miss out!
